

Clean Up Month 2023

Friends of Rivers Peel, Mandurah Environment & Heritage Group and Peel-Harvey Catchment Council are calling on our community this March to help us clean up our local reserves, beaches and waterways. 'Step Up to Clean Up' at community events across the Peel-Harvey Catchment to help prevent harm to our wildlife and keep our waterways clean!

The Peel-Harvey Catchment is home to the Peel-Yalgorup wetlands encompassing our estuary and surrounding lakes which are recognised as internationally important under the Ramsar Convention on Wetlands (Ramsar Site 482).

Litter and debris that enter our waterways puts wildlife at risk of injury and sometimes death

due to entanglement and ingestion of harmful materials such as plastic. These waterways provide habitat for many amazing species from our estuary's resident Indo-Pacific Bottlenose Dolphins to thousands of migratory shorebirds.

In its seventh year now, 'Clean Up Month' brings together many community groups and individuals

to help clean up our waterways for the benefit of the many species that rely on their efforts. To search for clean-up events happening in your local area visit: <https://www.cleanupaustraliaday.org.au/join-a-clean-up>

Events you can register to join

Friday 3 March

9:00 – 12:00

Private or Members Only events

Students from **John Tonkin College** Surf Science program will complete clean ups throughout the month of March along the Estuary foreshores.

Estuary Guardians/Mandurah Health will be cleaning the Dawesville Cut near Pyramids Beach.

Saint Joseph's Catholic Primary School in Pinjarra will be cleaning up the foreshores of the Murray River.

Shout out to our local champions that clean up all year round! Your efforts matter to us, we encourage you to share your data here:

<https://amdi.tangaroablue.org>

Friends of Rivers, Peel thank supporting partners for their commitment to this event along with all those who regularly clean up the waterways of the Peel-Harvey Catchment.

Clean Up Month is coordinated by Friends of Rivers, Peel and Mandurah Environment and Heritage Group, supported by the Peel-Harvey Catchment Council through funding from the Australian Government's National Landcare Program

Individual Clean Up events are organised by many dedicated groups and individuals, including those named above

Not able to attend one of these events?
Even picking up a few items of litter each time you visit your favourite spot is a great way to contribute!
